

MOTION SENSOR

MOTION, LIGHT & TEMPERATURE SENSOR

Multisensor

This tiny device, apart from detecting movement, measures current ambient temperature, intensity of light and has tamper protection thanks to its built-in accelerometer.

Mobility is its a great feature

The FIBARO Motion Sensor is wireless and battery operated. Its clever holder allows you to place the sensor anywhere, even affix it to a wall, its ceiling or other surface. The sensor's location can be changed whenever needed.

Small is beautiful!

The world's most advanced technology has been enclosed
in a flawless white casing. With a diameter of less than
44 millimetres (1.732 inches), you'll fall in love at first sight!

44 mm (1.732 in)

FIBARO supports Apple

The FIBARO System devices are based on Z-Wave technology, thanks to which they can work individually or in groups, communicating with one another, providing you with indefinite home automation management possibilities. According to our mission, to automate every single household and taking advantage of Apple's technology, FIBARO devices are now compatible with HomeKit.

What is HomeKit?

HomeKit technology provides advanced security with end-to-end encryption and authentication between a HomeKit-enabled accessory and your iPhone, iPad, or iPod touch.

How it works?

Use your iOS device through Apple TV, iPhone or iPad, which serve as a hub in the home.
Speak to command. Siri knows the status of the HomeKit-enabled products in your home.*

*full support of Apple HomeKit technology depends on Apple Inc.

FIBARO mobile app

The FIBARO app makes installation and configuration extremely simple.

Users get extended setting options for FIBARO devices.

To add a FIBARO device working with Apple HomeKit,
simply scan the code and confirm the installation.

Movement detection

Given that all rooms are different, you can also adjust the FIBARO Motion Sensor's sensitivity to suit its location in the house. Adjust it to your individual needs or a particular situation.

I see you

Even as you stand far away and little you move.

Announces temperature

The multicolor LED iris of the FIBARO Motion Sensor, after detects motion, informs with the color about the current temperature in the room.

Tamper protection

To keep you and your family safe, the FIBARO Motion Sensor has built-in tamper protection. Any attempt to relocate or change the sensor's view angle will trigger the alarm.

Detects people in restricted areas

Find yourself wondering what's going on at home when you're away?

While you are at the office, or on a business trip,
the FIBARO Motion Sensor will keep an eye on your home.

Turns lights at dusk*

The FIBARO Motion Sensor works perfectly in any situation,
providing you with endless possibilities when integrated with other devices.
The sensor can turn on lights at dusk to make sure your path home is always bright.

*available in cooperation with other HomeKit-enabled accessories

Lights up your day^{*}

The FIBARO Motion Sensor expands the comfort of your reality. It measures light intensity to switch lights on and off at the right moment.

^{*}available in cooperation with other HomeKit-enabled accessories

Turns on nightlamp*

The FIBARO Motion Sensor will wait and turn off the bedside lamp after your child falls asleep. Your little one will fall asleep peacefully and you won't have to worry about unnecessary energy consumption.

When she wakes up, I will turn the light on to 10% brightness and play her favorite lullaby.

*available in cooperation with other HomeKit-enabled accessories

Protects your home

I'm your home guardian...The FIBARO Motion Sensor
guards your home and your family 24/7.

Is not triggered by pets

Thanks to the adjustable sensitivity feature, devices can be set so that the FIBARO Motion Sensor is not triggered by your pets.*

* this functionality requires support from mobile app with ability to set parameters

Turns on the radio*

Just enter the room to instantly listen to your favorite music.
Integrated with other HomeKit devices, the FIBARO Motion Sensor will
set the perfect atmosphere.

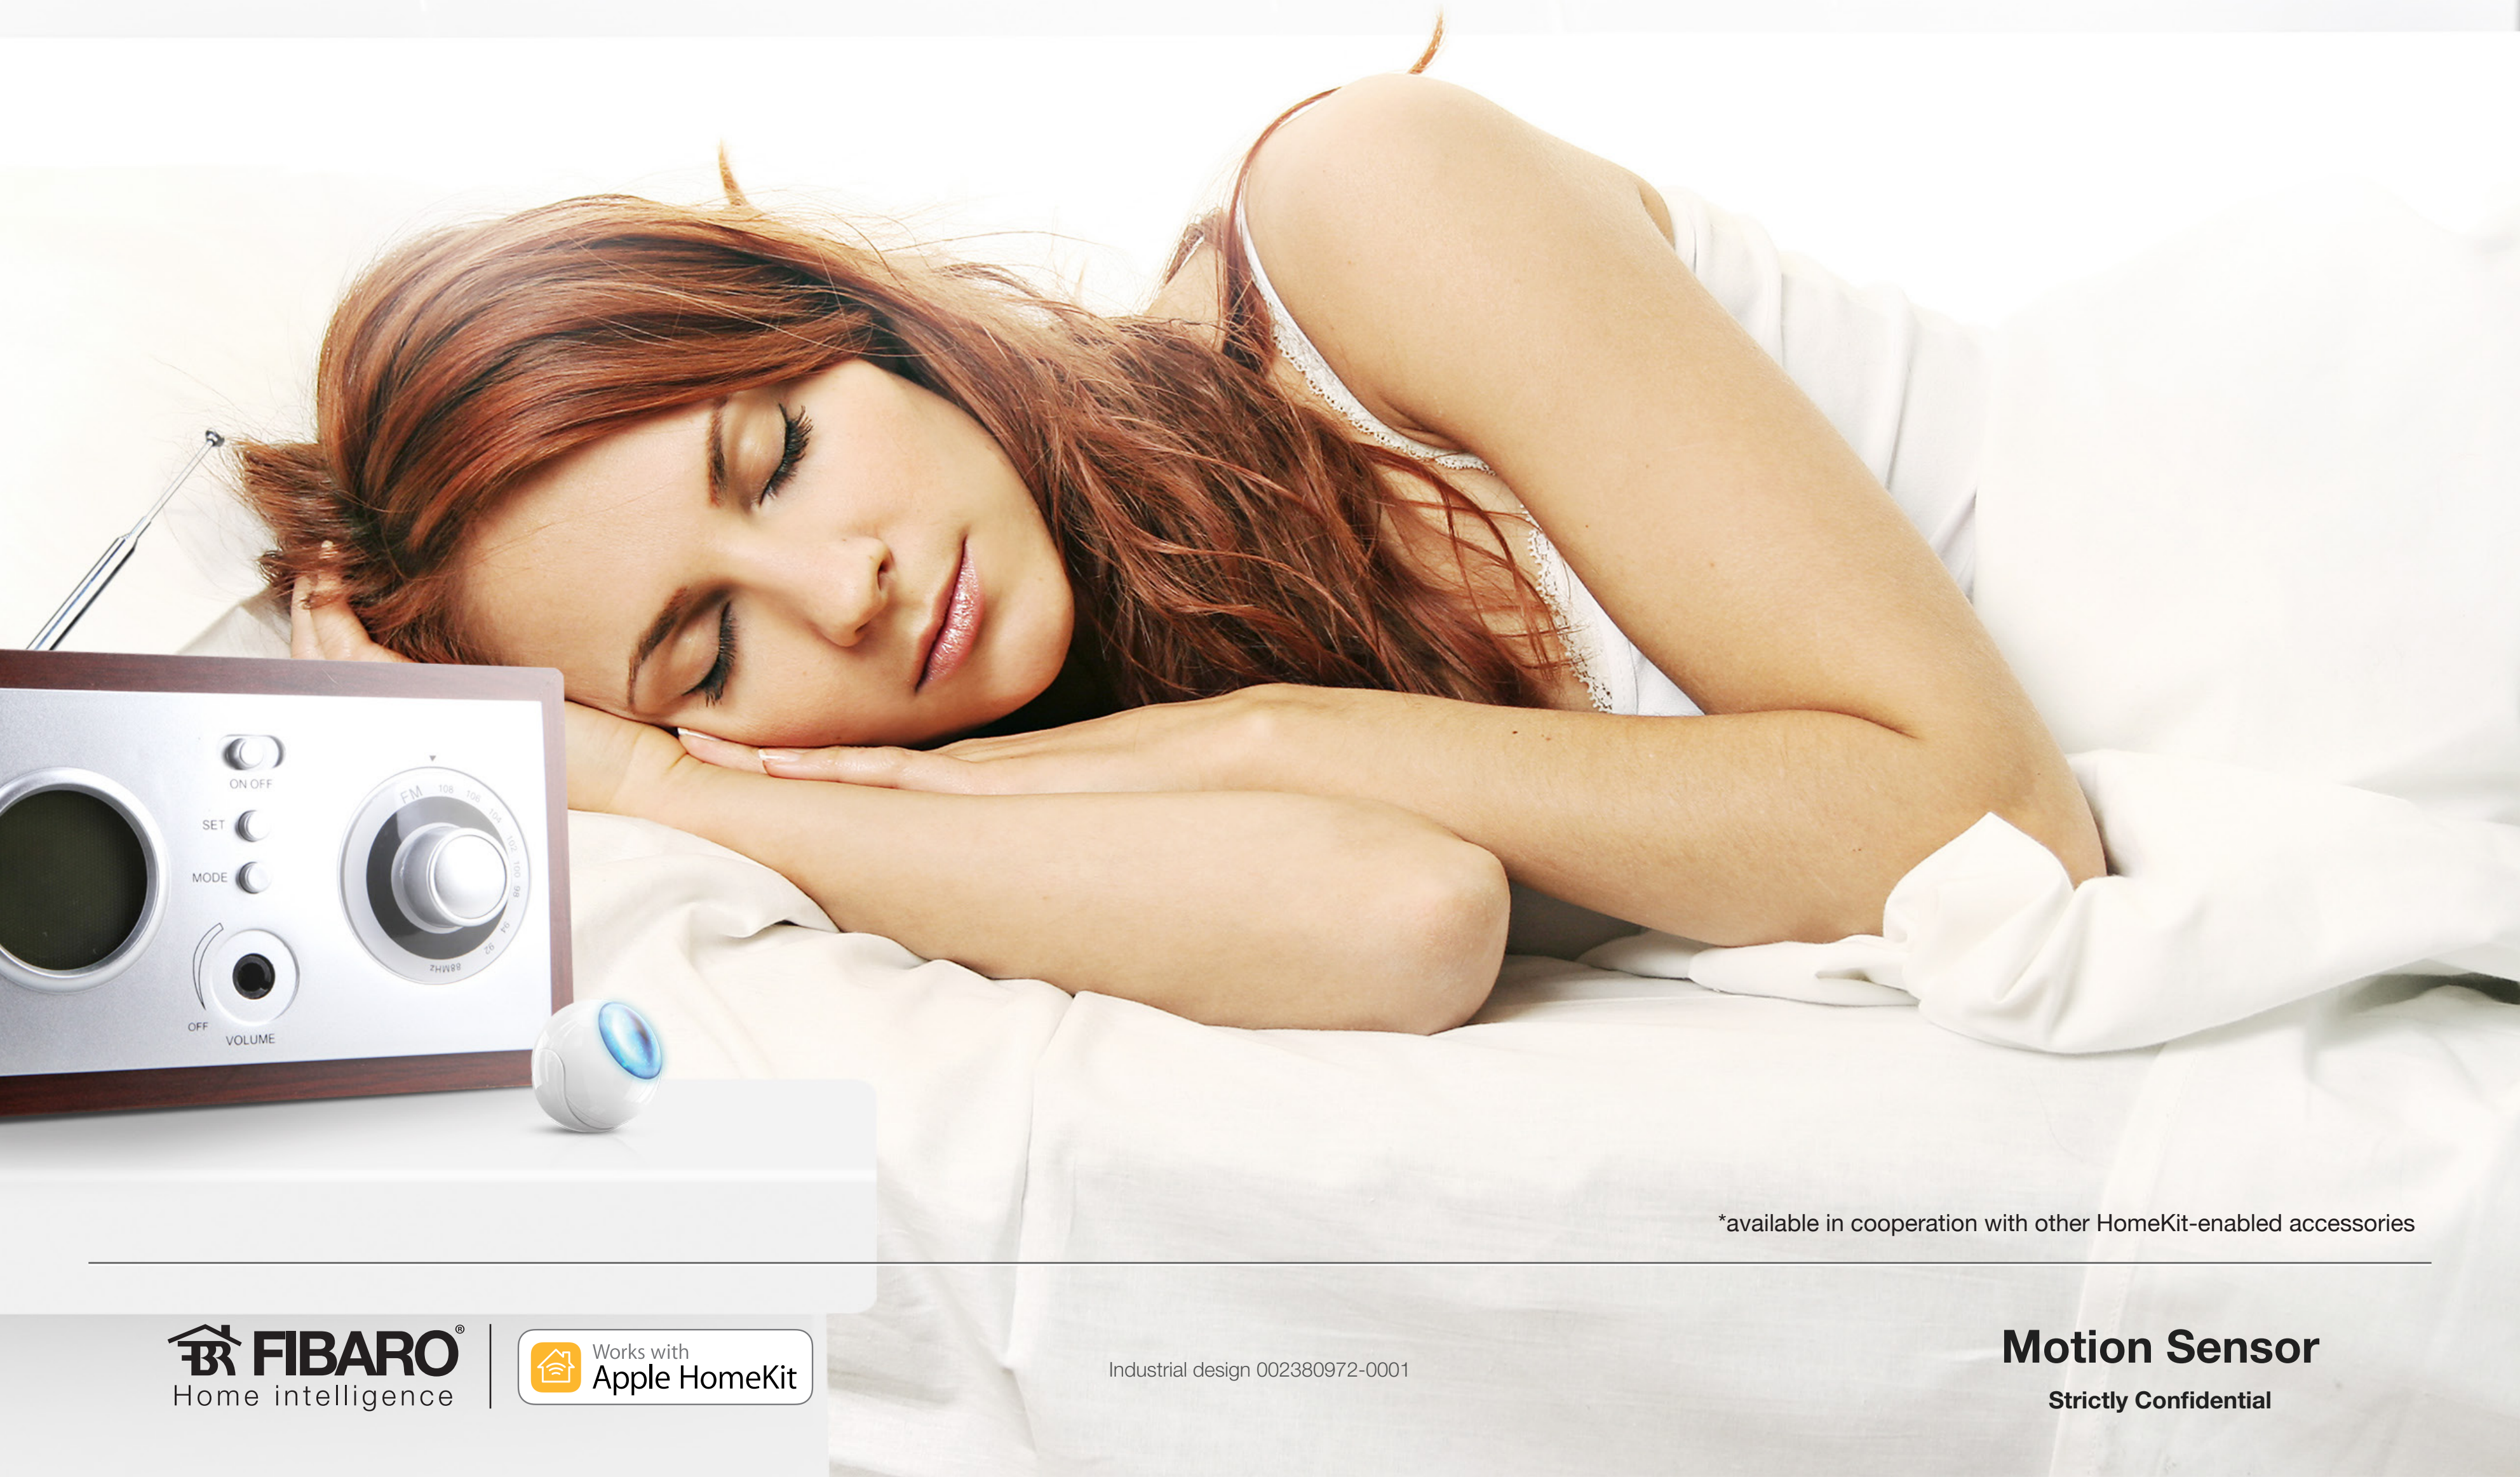

*available in cooperation with other HomeKit-enabled accessories

The house wakes up with you*

The FIBARO Motion Sensor makes every morning wonderful.

When you wake up, the sensor will start a wake-up scene.

*available in cooperation with other HomeKit-enabled accessories
