butterfly lid
Split doors open from the center for low lid clearance.

strong steel pedal
Our strong steel pedal is engineered to last over 150,000 steps — that's more than 20 steps a day for 20 years.

silent close lid
Our patented lid shox® technology controls the motion of the lid for a slow, silent close.

internal hinge
Allows you to place this can right up against the wall.

non-skid base
Non-skid base has rubber pads that are gentle on floors and keep the can steady.

removable inner bucket
Inner bucket lifts out for easy trash disposal.

custom fit liners
Our code R liners are designed to fit these cans perfectly so they don't slip. Extra-thick plastic and double-seam construction prevent rips and tears.
