Onderhoudstips voor meubels van plaatmateriaal

We adviseren om een zachte, pluïsvrije doek of een zeem te gebruiken voor het schoonmaken van uw meubels van plaatmateriaal. Veeg de oppervlakken af met een licht vochtige doek.

In het algemeen geldt: gebruik de volgende schoonmaakmiddelen absoluut niet:

- **Microvezeldoeken of wondersponsjes:** Deze bevatten vaak fijne schurende deeltjes die krassen op de oppervlakken kunnen veroorzaken.
- **Aggressieve chemische stoffen, schurende reinigingsmiddelen of oplosmiddelen:** Deze kunnen de oppervlakte beschadigen.
- **Schuurpoeder, staalwol of schuursponsjes:** Deze maken het oppervlak zo erg kapot dat reparatie onmogelijk is.
- **Stofzuigers:** De mondstukken en borstels kunnen krassen op de oppervlakken veroorzaken.
- **Stoomreinigers:** De oppervlakken kunnen beschadigd raken of loslaten van de ondergrond door de hoge druk en hitte van de stoom.

Care notes for panel furniture

We recommend using a soft, lint-free cloth or a chamois leather for cleaning your panel furniture. Wipe the surfaces with a slightly damp cloth.

In general, please do not use any of the following cleaning products:

- **Microfiber cloths or dirt erasers:** They often contain fine abrasive particles which can scratch the surfaces.
- **Aggressive chemical substances, abrasive cleaners, or solvents:** These can damage the surfaces.
- **Scouring powder, steel wool, or scouring pads:** They destroy the surface so badly that repair is impossible.
- **Vacuum cleaners:** The nozzles and brushes can cause scratches on the surfaces.
- **Steam cleaners:** The high pressure and heat of the steam can damage the surfaces or cause the top layer to come loose from the base.
